

PATIENT CARE POLICIES

- ✓ Referral for an office visit is the patients' responsibility.
- ✓ Always inform *PainCARE* of any changes in insurance, employment, address or phone number.
- ✓ Any co-pay or remaining portion of your bill is to be paid in full at the time of service.
- ✓ You will need to have a driver for any procedure. **NO** exceptions can be made as our liability policy will not allow this.
- ✓ If a cab or hired driver will be used, **SEDATION CANNOT** be provided.
- ✓ If you have an infection which requires antibiotics, you will need to finish the treatment before any injection can be given. **The infection must be gone for your safety.**
- ✓ *PainCARE* **CANNOT** refill any prescription after 3 pm any weekday, on weekends, or on holidays.
- ✓ If an MRI is ordered you are responsible for scheduling that appointment and informing *PainCARE* so reports can be obtained.
- ✓ Seeking care from other providers of the same specialty without a referral may be cause for termination of care from this office.

I have received and understand the above policy.
